

LEARNING AGREEMENT

CS 1950

Directed Research

Return completed form to the Computer Science Undergraduate Office, ~~SENSQ~~ SENSQ, no later than the term add/drop deadline.

Please Print or Type.

Student's Last Name <u>Gu</u>	First Name <u>Tianrun</u>	Middle Initial	PeopleSoft ID# <u>4166209</u>
Term	Total Credits Earned	Email <u>tig19@pitt.edu</u>	
Major (circle) <u>CS</u> BIOINF	Credits earned in major	Current GPA <u>3.206</u>	Capstone? YES <input checked="" type="checkbox"/> NO <input type="checkbox"/>
Faculty Sponsor	Permission Number	Number of credits? 1 2 <u>3</u>	
Dates of research From: To:		Grade Option: LG <input type="checkbox"/> S/N <input type="checkbox"/>	

1. Title of project

The TDR System for Chi

2. Description (Provide a paragraph of explanation of the research project, including purposes, procedures to be employed, and the manner in which you will report results):

The TDR system for Chi helps us evaluate our own health condition at any time in any place, according to the concept of Chi. It is a personal health care system that can be used by practioners to learn and practice Chi.

3. Faculty sponsor: (Describe the extent of your supervision of this project, including frequency of meeting and method of evaluation):

This project is supervised by Professor Shi-Kuo Chang.

I have read the foregoing description of the Directed Research Course and hereby affirm my agreement to its terms.

Shi-Kuo Chang
